25X1 a 2 a 25X1 2a 348 trucks tanks entered Eastern Germany en route from Brost Litovek to Unit 25X1 in Prenzlau during the period from 5 through 9 September 1952. 25X1 Comment. It is believed that these trains were split up in Eberswalde and that the individual flatcars were then dispatched to the various points. It could not be determined, whether the tanks were consigned to coviet Army units or to the Volkspolizei, 25X1 Comment. It is believed that the shipments dispetched to Pronzlau were consigned to the Volkspolizei. The new RRyn-type flaccars, which can carry was tanks, were probably used for these tank shipments. 25X1 🚜 💥 Comment. The dispatch of empty flatears to the east indicates that the

shipment of tanks from the U.S.S.R. to Eastern Germany will continue.
